40 ACRES IN HUMPHREYS CO., MS

Looking to Live or Hunt in the Delta?

This 40 Acres north of Belzoni is partially under CRP. The property is surrounded by farmland and has a stream running through it. It has great potential for hunting dove/duck/deer. Also if someone wanted to put a house out there it would be great for that as well! If you are a Mississippi Outdoorsman and you want a place in the delta to get away, here it is!

\$2,125/acre
